Work Experience

○ Dec 2020 – Present [Part-Time]

Frankie Creations

WordPress Developer

- **Theme Customization:** Customized WordPress themes to align with client branding and design preferences.
- **UI/UX Improvements:** Improved website layout and design to enhance user experience.
- **Performance Optimization:** Boosted website speed by using caching, minifying CSS/JS, and optimizing images.
- **API and Plugin Integration:** Integrated third-party APIs and plugins to add features and improve functionality.
- **Testing and Debugging:** Identified and fixed website issues related to performance, functionality, and browser compatibility.
- **Maintenance and Support:** Handled regular updates, backups, and security checks to ensure site reliability.
- **Continuous Learning:** Applied latest WordPress trends and techniques to improve project results.

○ Sep 2024 – Jan 2025

Media Gate

WordPress Developer

- **Managed VPS Server Operations:** Maintained the server environment to ensure stability, security, and maximum uptime.
- **DNS Configuration & Domain Management:** Set up and managed DNS records for client domains, ensuring proper domain resolution and smooth website access.
- **Hosting Setup & Maintenance:** Configured new hosting environments, managed hosting resources, and resolved technical issues to optimize server performance.
- **Email Account & Mail Server Administration:** Created and managed client email accounts, troubleshooting delivery issues, spam filtering, and authentication problems.
- **SSL Implementation & Security Maintenance:** Installed and managed SSL certificates for client websites, ensuring secure data transmission and enhanced trust.
- **Regular Backups & Data Protection:** Scheduled and monitored automated backups to protect website data and configurations, reducing downtime risks.
- **Client Support & Issue Resolution:** Assisted clients with VPS hosting, emails, and website functionality, providing prompt solutions for smooth operations.
- **Customized WordPress Themes:** Aligned themes with client branding, improved UI/UX, and enhanced website performance.
- **Third-Party API & Plugin Integration:** Integrated APIs and plugins to expand website functionality and improve user experience.
- **Website Performance Optimization:** Improved speed and efficiency by implementing caching, minifying CSS/JavaScript, and optimizing images.
- **Testing & Debugging:** Identified and resolved functionality, performance, and compatibility issues through thorough testing.
- **Ongoing Website Maintenance & Support:** Provided regular updates, backups, and security enhancements to keep websites running smoothly.
- **SEO Strategy & Implementation:** Worked with the team to optimize website content and structure, improving search engine rankings.

Work Experience

Jan 2024 – Jun 2024

Arab MLS

WordPress Developer

- **Theme Customization:** Tailored WordPress themes to match client branding and visual guidelines.
- **UI/UX Improvements:** Enhanced website usability and design for a better user experience.
- **Performance Optimization:** Improved loading speed using caching, file minification, and image optimization.
- **API and Plugin Integration:** Added custom features by integrating third-party APIs and plugins.
- **Testing and Debugging:** Troubleshot and resolved website issues to ensure functionality and compatibility.
- **SEO Strategy Implementation:** Worked with teams to improve search rankings through optimized content and structure.
- **Maintenance and Support:** Performed routine updates, backups, and implemented security improvements.

Jun 2021 – Jul 2022

Raqmeyer IT solutions

WordPress Developer

- **Theme Customization:** Designed and modified WordPress themes to align with client brand identity.
- **UI/UX Enhancements:** Improved user interface and user experience to boost engagement.
- **Website Speed Optimization:** Used caching, CSS/JS minification, and image compression to increase site speed.
- **API and Plugin Integration:** Connected third-party APIs and installed plugins to add new features.
- **Troubleshooting and Testing:** Fixed bugs and tested functionality for compatibility and performance.
- **SEO Collaboration:** Partnered with teams to optimize site structure and content for better SEO results.
- **Ongoing Maintenance:** Provided regular updates, performed backups, and improved website security.

Oct 2020 – Feb 2021

Digital Brandria

WordPress Developer

- **Website Development:** Worked with designers to turn mockups into fully responsive WordPress websites.
- **Performance Optimization:** Enhanced website speed by using caching, compressing images, and minifying CSS/JavaScript.
- **Plugin and API Integration:** Added new features by integrating third-party plugins and APIs to improve user experience.

Sep 2019 – Jan 2020 [Internship]

THRIII

Web Developer
